

**Tom Kelly** BA(Hons) Arch, BSc Product Design

Tom is a Part 3 architect who has been working at Jennings Design for the past 4 years. He has a degree in product design and has previous architectural experience working for Michael Collins Associates in Dublin 2, where he worked on projects ranging from major office refurbishments for Golden Pages and Susquehanna Ireland Ltd. to the refurbishment of the Mater Private Hospital, Dublin and New Build projects including Four Seasons Hotel, Dublin.

Tom is a strong team player who has experience working on large mixed use development schemes, master planning projects, residential developments and sports facilities. He was presented with the Built in Quality Award by Manchester City Council in 2006.

Since joining Jennings Design Associates, Tom has delivered schemes including:
